PRESS BOX/ CONTEST OFFICE: Band directors will pick up video flash drives if your order from the non UIL videographer. You just order directly from him 5alonzos@att. in the contest office on the 3rd Floor of the press box following their performance. The 2nd Floor hospitality room will be open to directors, retired directors, administrators, and spouses. Please do not bring others to the hospitality room. The second floor is also where we will meet after prelims for the finals draw. Be sure your competition suite account is active as that is where you will receive commentary from the judges and scores after the prelims and after the finals. Also, competition suite messaging will be used for changes, weather announcements, etc.

PARKING/WARMUP: Spectators may enter and exit **Spectator Parking** via either the west or northwest entrances on 66th Street and Avenue P (see map). Any parent vehicles following buses, dropping off students, or picking up students must park in **Spectator Parking**.

Buses will enter Avenue L from the north (off 66th Street), stop at the **Check-In** station, and unload students in the **Bus Drop-off Zone** for warmup. Band members must unload their instrument and all necessary performance equipment from buses in the **Bus Drop-off Zone**. The east side restrooms will be open, but please arrive in uniform if possible. After unloading, buses will proceed south on Avenue L then west on 70th to the **Bus & Trailer Entrance**. Buses cannot remain in the **Bus Drop-off Zone** after students are unloaded. **Equipment trailers/small trucks need to unload** equipment in the **Unloading Zone along 66th street just north of the warm up lot** (indicated in purple on the map) **HEADED EAST!**. Quickly unload, and accompany the buses to the **Bus & Trailer Entrance**. Trucks and trailers will park behind the south end zone score board, bus parking is in the SW corner of the parking lot. Frenship Band parents will be there to assist. Please be courteous to these volunteers. **All props/front ensemble equipment will exit the south ramps to the truck/trailer lot for loading. These procedures will be the same for finals.**

A dedicated golf cart will transport directors driving buses or equipment vehicles back to the **Warm Up** lot. Any directors driving a bus or equipment vehicle must have someone to supervise your group in the **Warm Up** lot while you are parking. You are responsible for safeguarding any valuables left on the buses. *NO personal vehicles are allowed* in the **Warm Up** lot, **Bus Parking**, or the **Trailer Lot**. *All personal vehicles* must park in **Spectator Parking**.

All adult on-field workers require a wristband to enter the field - those will be provided to each director when you enter the warmup lot. This information will be asked of you on the google form sent with entry form and other relevant information.

Each band will be **assigned a Warm Up area (A,B,C)** - *refer to the contest schedule*. Bands will enter their assigned **Warm Up area** at their designated time. **Green & Red flags** will be flown in the center of the Warm Up lot. Bands may warm up when the **Green** flag is up and must stop immediately when the **Red** flag is up to avoid interfering with the band on the field. Bands who arrive at the contest before their assigned warm up time can stage their buses in the YWCA parking lot on University Avenue just north of 66th Street. Be sure to depart the YWCA early enough to account for **congestion that can occur on 66th Street at the stadium**. Please refer to map for traffic flow.

Questions or problems in the Warm Up Lot? Notify a Frenship High Booster at **Check In**. They have radios and will be in constant contact with the contest office.

EQUIPMENT: Equipment trucks/trailers may enter the **Trailer Lot** no earlier than 1 ½ hours before to your performance time. Please help protect the track by making sure all equipment is on wheels. Do not drag anything without wheels (no sled-type pieces) across the track or field. Everything that is unloaded in the **Trailer Lot** must follow the **Front & Prop Route** to the **Warm Up** lot and enter the field using the **Band/Prop Entrances**.

BAND FIELD ENTRANCE AND EXIT: Bands will move from their assigned **Warm Up** location at their *"Move To Ramp"* time and enter via the north ramps. Bands will exit the stadium via the southwest ramp and proceed to **Bus Parking** and the **Trailer Lot**. The southeast ramp may also be used *for foot traffic only (no equipment)* as an option for larger bands. Bands planning to stay following their performance to watch other bands may re-enter the stadium through **Gate 2** and sit in the designated area on the south end of the home side. Students are welcome to purchase concessions and souvenirs while in the stadium. Directors are responsible for ensuring their students are courteous to performing bands and spectators.

TIME ON THE FIELD: Each band is allotted a five-minute warmup period to assume its starting position on the field in any way it deems appropriate. **The official starting line for Region 16 AND Area A will be on the track OUTSIDE the goal line for bands and on the front track at the 20-yardline for front ensemble instruments and equipment.**

Please wait for your official announcement to begin your warm-up to cross the starting line. Activities may include warm-up and/or cadence. **Each band will be announced at the end of 4 minutes and 15 seconds.** The beginning of the announcement will indicate that the performance time must begin after 45 seconds. The script may take less than 45 seconds.

The actual timing for the show will begin at the end of the five-minute warmup period. Please watch the clock to determine when your warm-up time has expired. At that time, the stadium clock will be reset to 8:00 and your contest show timing will begin. **The stadium clock will be used as the official time.** A back-up stopwatch will run as well in the event of clock malfunction. Each band must occupy the football field for no less than five minutes and no more than eight minutes. At the conclusion of the performance, each band will have two minutes to exit the field and clear the marching surface of all equipment, instruments, and props. The use of either instrumental or verbal cadence is optional. Your standard post-show

script will be read during the 2-minute field exit. A band that fails to be clear of the field (outside the sidelines or end lines) or continues to use instrumental or verbal cadence at the end of the two minutes may be disqualified. A band leaving equipment or instruments on the sideline in such a manner that these items impede the movement of the next band into its starting position is subject to penalty in accordance with Subchapter F of the official UIL C&CR. We must stay on schedule – parents expect to see their children at the scheduled time. We wish to be neither behind nor ahead. Everything you can do to keep things moving will be greatly appreciated.

ELECTRONIC EQUIPMENT: Electronic equipment must be set up during the allotted five-minute warmup period. Any band using electronic equipment is responsible for providing its own extension cords. The plug at Lowrey Field is directly across the track from the 50-yard line. Please refer to the C&CR for rules regarding the **RULES FOR POWER CORDS AND THE OPERATION OF ELECTRONICS**. Refer to the Region 16 website link to use of electronics. Remember, only 10 students at a time can be amplified. **This does not mean you can amplify 20 students if using 2 microphones, etc.**

STADIUM SEATING and Guests: We will pre-sell electronic tickets for spectators. *Please see the “TICKET PURCHASE LINK” on the uilregion16music.org website under Band/Area.* Tickets are valid for the entire day. Tickets may also be purchased at the ticket booth on the day of the contest, however, please encourage your fans to purchase the presale tickets to avoid long wait times at the ticket booth. Gate fees are \$5.00 admission, free for 6-and-under. Online ticketing charges a small handling fee (.21 per ticket).

Directors, students, and official adult field workers (with wrist bands) will be **permitted to re-enter the stadium following your performance** through **Gate 2** (west side, south end) to view the remaining bands in your classification and will **ONLY** be admitted with band shirt, director ID or worker wristbands. Football teams, coaches, cheerleaders will enter the spectator entrance through **Gate 1** (west side, north end). As always, they must wear identifying team clothing.
